

CRITERIA FOR JUNIOR COACHING LEVEL 3 TENCH

1. Landing fish on your own
2. Using Hooks to nylon (Matching your hook to your bait)
3. Setting up a rod and reel for use with a Waggler float
4. Catapult safety
5. How to organise your fishing area
6. Learn your fish internals
7. Basic watercraft (reading the water)
8. What is KHV

In order to pass Tench Level Three, Participants will be required to do the following.

1. Landing your own fish can be tricky when you first start fishing. This tutorial will show you the benefits of a long light handle with a lightweight net, and how to use them.
2. Shop bought ready tied hooks make fishing so much easier. There are so many, which ones do you choose? This tutorial will show you how.
3. This section will show you how to set up a rod and reel for use with a Waggler float.
4. A catapult is not a toy. This section will show Juniors how to use one safely and responsibly.
5. Following a tutorial that will show how to set out your fishing tackle so you can be more organised and fish more efficiently.
6. To pass this section juniors will need to learn the internal parts of a fish. Diagrams can be found you the booklet and on the website online booklets.
7. Good watercraft is vital to any kind of fishing. Identifying potential fish holding spots or signs of feeding fish can really make or break a fishing session. This tutorial will show you how.
8. KHV can ruin a fishery. Anglers have a responsibility to prevent the spread of the virus. Juniors will learn how they can help.
