In order to pass Pike Level six, Participants will be required to do the following.

1. Pellet Waggler is a deadly method for catching fish in the summer, particularly Carp. This tutorial will show Juniors how to set up a rod for fishing shallow with pellets. Feeding is important to get right and we will show you how.
2. Out of the many Carp rigs that you can use for Carp fishing the snowman or blow back rig is one of the most effective. We have a tutorial to demonstrate how.
3. Like Pellet Waggler, surface fishing in the warmer months can be very effective. This tutorial will show you how to set up for floater fishing.
4. Although many angler only fish for Carp in the warmer months good sport can be had all through the year. But, how will you need to change your tackle from summer to winter. This tutorial will show you how.
5. Being a coach is both a challenge and rewarding. It is a good test of your own skills and develops communication. The section is a good chance for Juniors to display their own skills by coaching a less experienced Junior for one session. (under senior coach guidance)
6. This section will teach you how to thread a new elastic through a pole top kit and attach all the accessories needed.
7. This is a tutorial about how using distance sticks can enhance the accuracy of your Carp fishing.
8. Shallow fishing with a pole. After a tutorial, Juniors will be given the chance to try shallow fishing with a pole, or 'Slapping', for themselves.
